

SEO & AI SEARCH CONSULTANCY

Become the name **Google** ranks,
the source **AI** cites, and the
business your **buyers** choose.

FOUNDER-LED

We plug into
your team.

You stay in control.

HOW WE HELP

01 Organic visibility

Stronger content and technical foundations behind better search performance.

02 AI-search readiness

Practical direction for content, authority and measurement as AI changes search.

03 Clear priorities

A plan your team, developer and specialists can work from, reported on commercial progress.

INVESTMENT

Choose the level of support you need.

Scope and priorities are agreed in writing before any work begins.

RECOMMENDED

Fully Managed Search Growth

One business website, with strategy and implementation managed for you.

Research, prioritised SEO and AI-search strategy, implementation, technical oversight and monthly reporting.

From £2,495
per month

Consultancy Only

Teams with their own developer or implementation resource.

Research, strategy and prioritised recommendations, with ongoing guidance and review.

£1,695
per month

Fractional Search Lead

Senior direction inside your marketing team, no full-time hire.

Strategic direction, stakeholder communication, commercial prioritisation and delivery coordination.

From £4,500
per month

Multi-Site Growth

Multi-site and multi-brand organisations.

Shared planning, agreed priorities for each website and reporting by website.

Tailored
monthly pricing

ADD-ON SERVICES

Scope agreed in writing. No automatic retainer, renewal or online checkout.

Search Visibility Jumpstart

£995 one-off

A focused review for one website, with a prioritised 90-day plan.

SEO Support Bank

£750 8 hours

A focused block of expertise for defined SEO or website tasks.

AI Search Strategy

Scoped in writing

How AI search affects your market, and where to focus first.

START A CONVERSATION

Discuss your search priorities.

Led by Jessica Seed, founder and senior search consultant.
